44. To see whether or not the Town will vote to amend as follows the "gravel" ordinance adopted by Town Meeting, March, 1972 or to take any other action in relation thereto.

A. The paragraph entitled "Permit Required" in the ordinance adopted March, 1972 is hereby rescinded and the following shall be substituted:

Permit Required. Unless and until a permit is obtained from the Board of Selectmen, no alternation in the contours of any land not in public use shall be started or made after adoption of this amendment, by excavating, removal, or relocating earth, loam, topsoil, sand, gravel, clay, stone, minerals or other earth materials by (1) a "Commercial Operation" which shall be known as one engaged in or for the purpose of disposing of those materials directly for their commercial resale value or by selling, supplying, or transporting them to others or to storage for subsequent commercial resale value; OR by (2) a "Non-Commercial Operation" which shall be known as one engaged in or for the purpose of supplying those materials not for their commercial resale value, but for projects and improvements within the the Town of Weare such as, but not excluding others, public works, solid waste disposal, road construction and maintenance, septic systems, sewer lines, parking areas, driveways, industrial, business, and residential developments.

B. The section entitled "**Application for Permit**" in the ordinance adopted March, 1972 shall be amended by inserting the following after the second paragraph thereof:

The application shall be signed by the owner of the land whereupon the alteration is to be made and by the person who will perform the operation and shall state whether it is for a "Commercial" or "Non-Commercial" operation.

C. The paragraph entitled "Existing Operations" in the ordinance adopted March, 1972 is hereby rescinded and the following substituted:

Existing Alterations. The ordinance adopted March, 1972 as amended shall not apply to an alteration made prior to the adoption of this amendment and in operation in recent months in 1976 except that such alteration or operation or an inactive or abandoned alteration or operation shall not be changed to a Commercial Operation unless and until a permit is obtained.

D. These amendments shall take effect immediately upon their adoption.

45. To see if the Town will vote to adopt the following resolution: Be it resolved that the Town of Weare, in Town Meeting convened, authorize and empower the Planning Board to approve or disapprove, in its discretion, plats showing streets, or the widening thereof, or parks, and the ordinance or resolution thus empowering the Planning Board shall make it the duty of the city clerk, town clerk, clerk of district commissioners, or other appropriate recording official to file with the Register of Deeds of the County in which the said municipality is situated, a certificate or notice showing that the said Planning Board has been so authorized, giving the date of such authorization.

(This ordinance is intended in order that the Town of Weare shall comply with the requirements of RSA 36:19).

46. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 12th day of February in the year of our Lord nineteen hundred seventy-seven.

RECORD OF TOWN MEETING

March 2, 1976

The annual Town Meeting of the Town of Weare was called to order at 10 a.m. by the Moderator, Gordon M. Tiffany. Mr. Tiffany introduced the School District Moderator, David Titcomb. The pledge of allegiance to the flag was led by Harold E. Thomson. Mr. Tiffany announced that he would be present during the balloting throughout the day and that Mr. Titcomb would be present during the evening for the counting of ballots. Mr. Tiffany administered the oath of office to Mr. Titcomb as Deputy Moderator of the Town of Weare. Mr. Titcomb then administered the oath of office to Mr. Tiffany as Deputy Moderator of the Weare School District.

Mr. Titcomb read the School District Warrant for March 2, 1976. Mr. Tiffany read Articles 1 and 2 of the Town Warrant for March 2, 1976. Malcolm C. Purington moved the reading of Articles 3 through 50 be suspended at this time. The motion was seconded and the vote affirmative.

Mr. Tiffany announced that orders for the Bicentennial Plate would be taken by members of the Weare Historical Society during the day at the back of the hall since there was no opposition from any members of the meeting. He also announced that the documentary film made of town meeting a few years ago would be shown Thursday evening before the town meeting is resumed.

The polls were declared open at 10:15 a.m. Proceeded to ballot for Town and School Districts Officers.

Article 2. To vote on the following question: "Shall the provisions for absentee ballot for the election of Town of Weare Officers be adopted by this town?" RSA 60:38.

YES - 389 NO - 115

The polls were closed at 7 p.m. by Moderator Gordon M. Tiffany for both Town and School District. The School District meeting was declared recessed until Wednesday, March 3, 1976 at 7:30 p.m. at the Weare School Gymnasium and the Town Meeting was declared recessed until Thursday, March 4, 1976 at 7:00 p.m., also at the Weare School Gymnasium.

The ballots were then counted. At 9:35 p.m. the results of the elections were announced by David Titcomb, School District Moderator.

At 7 p.m. on March 4, 1976 the recessed Town Meeting was called to order by the Moderator, Gordon M. Tiffany. The meeting was asked to stand to hear the reading of town residents who had died since the last Town Meeting followed by a moment of silence. The pledge of allegiance to the flag was led by Harold E. Thomson. The Moderator read from the record of the previous Town Meeting regarding the method of identifying voters.

The Moderator appointed John Tesch, John Killion, Ruth Jones and Janet Druke to the Finance Committee for the ensuing term and stated that Wendell Colburn is filling the vacancy created by Lorraine Fottler's resignation.

Vernon Wood moved the reading of the Warrant at this time be waived. The motion was seconded and the vote affirmative.

The Moderator recognized Malcolm C. Purington, Chairman of the

Board of Selectmen, who addressed the meeting. The Moderator then recognized Frank Farmer who gave a report on behalf of the Finance Committee.

The Moderator read the rules of order for the meeting.

Malcolm Purington moved the adoption of Article 38. The motion was seconded and the vote affirmative.

Article 39. To see if the Town will vote to adopt the following resolution:

WHEREAS, certain areas of Weare are subject to periodic flooding from streams and rivers, causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Town Meeting to require the recognition and evaluation of flood hazards in all official actions relating to land use in the floodplain areas having special flood hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to New Hampshire RSA Chapter 31, 36, 156 and 156A.

NOW, THEREFORE, BE IT RESOLVED, That this Town Meeting hereby:

1. Assures the Federal Insurance Administration that it intends to enact and maintain in force for those areas having defined flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Boards of Selectmen with the responsibility, authority, and means to:

- (a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood hazards on available local maps of sufficient scale to identify the location of building sites.

- (b) Provide such information as the Administrator may request concerning present uses and occupancy of the floodplain.

(c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify floodplain areas, and cooperate with neighboring communities with respect to management of adjoining floodplains in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of floodplain management measures.

3. Appoints the Board of Selectmen to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Intends to take such other official action within its powers as may be reasonably necessary to carry out the objectives of the program.

Malcolm Purington moved the adoption of Article 39. The motion was seconded and the vote affirmative.

Article 40. To see if the Town will vote to establish the following building regulation pursuant to RSA 156 as follows:

1. The Board of Selectmen shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent floatation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage.

Malcolm Purington moved the adoption of Article 40. The motion was seconded and the vote affirmative.

Article 41. To see if the Town of Weare will vote to become a member of the Southern New Hampshire Planning Commission. The objectives of the Commission are to provide for and encourage regional planning analyses; promote a consensus on problems of regional concern; and assist with implementation of projects located within, and which extend beyond, the boundaries of member communities. The Commission has only such authority as conferred on it by RSA Chapter 36; Sections 45-53, of 1955, as amended, and will serve in an advisory capacity representing the interests of the local governing body. The

Board of Selectmen shall appoint two representatives of the Commission from among those nominated by the Planning Board in accordance with State Law.

WEARE POLICE DEPARTMENT ANNUAL REPORT

The department received 1,940 calls during the past year, 1740 calls were to the Police Line, the remainder (200) were direct calls to the Chief and other officers. Of the 1,940 calls, 31% require the presence of an officer. This is a 5% decrease from the previous year, due to the many information calls generated by the bicentennial activities.

The calls were as follows:

Motor Vehicle Accidents	77	Assisting other Depts.	19
Motor Vehicle Violations	90	Domestic Complaints	16
Breaking & Entering	49	Untimely Deaths	6
Malicious Damage	20	Bad Checks	3
Assaults	20	Snowmobile	16
Indecent Exposure	3	Arson	4
Thefts	42	Disabled Vehicles	16
Suspicious Persons	11	Speeders	16
Suspicious Vehicles	50	Lost Property	5
Missing Persons	8	Annoyance Calls	14
Dog Complaints	75	Lost Persons	4
Courtesy Calls	38	Littering	5
Misc.	50	Information	1328

Once again the New Hampshire Police Standards and Training Council is sponsoring a Police Training Course at Concord, N.H. Our newest men, Wayne Thomson and Wilfred Lahey are enrolled, along with several officers taking the course for the second time.

As in the past, we have had a large number of breaks at summer camps and homes. Usually these breaks are not discovered until spring, making apprehension of the responsible persons more difficult.

Again we ask that you note anything suspicious and call us, thank you.

Morton D. Perry, Chief

FIRE DEPARTMENT REPORT FOR 1976

The Weare Fire Department answered 75 calls in the year 1976, with 304 calls being received on the red phone. The calls were as follows: 75 for fire, 142 for the Rescue Squad and 87 for information and assistance to the townspeople of Weare. Fire calls were as follows: house fires-2; chimney-14; brush and grass-13; out of town calls-8; partition fire-3; stove fire-4; tree fire-4; dump-8; car fire-6; truck fire-2; backhoe-1; oil burner-1; lawn mower-1; accident-7; tire fire-1. This is an increase of 16 calls over the year 1975, and this has added to the cost of the payroll. We called for outside help on three of our fires.

The 10 new radio receivers that the Town voted to purchase have been received and placed in firefighter homes in different parts of town. They are working out very well, with more fire fighters responding to fires in much quicker time, saving the red phone operators many phone calls. The only other new equipment that was purchased this year were 6 low priced nozzles, 4 for booster lines and 2 for 1½ in. lines and 4 pails of foam which we have already used up on car fires. We lost hose at two fires and this we will have to replace during the coming year. We are still using hose that dates back to 1936 on our trucks.

We held a number of drills this past year in different parts of town using different trucks to do different things. This is good training for the fire fighter and gives us a chance to see if the truck is working as it should. We have a number of openings in the department in the Center area, Sugar Hill, Lakeview and the North Weare area. Anyone interested in trying out for the department can call me, and I will see that they get an application. Applicants must be 18 years of age and in good health.

Work done on the fire stations this past year was as follows: painting inside and outside of South Weare station; painting outside Center station; electrical work at Center Station; roof work on Lakeview station and aluminum storm windows on the South Weare, Center and Lakeview stations. Work to be done this next year would be as follows: put drain in floor of Lakeview station; sealing of all driveways; plumbing and a new furnace in the Center station.

General maintenance on all trucks in the department was performed with brake repairs on trucks #1 and #5; pump repairs on truck #2, water tank repairs on trucks #3 and #5 and a new tire for the large tanker. The trucks, being older each year, are requiring more work to keep them in good running condition.

Three water holes were brushed out and refenced with new posts and fencing. We still have a number of water holes to do and most need cleaning out.

The fire department wishes to thank the C.D. Director, Frank Campana, for the help and assistance he gave us in getting the back-up rescue truck and the generator for the fire station in Weare Center. With this generator, we can produce our own electricity to run the station when the power is off.

The fire department wishes to thank the townspeople for all the help they gave us this past year, the Ladies Auxiliary for the new tables in the meeting room and lunches at fires, and the red phone operators for all that they have done for the fire department this year.

Raymond T. Eaton, Chief
Weare Fire Department

WEARE RESCUE SQUAD

The Weare Rescue Squad responded to 142 calls during the past year:

51 Cardio-pulmonary problems

26 Auto Accidents

26 Medical emergencies

12 Emotional problems

11 Home accidents

4 Recreational Accidents

4 Fires

2 Obstetrics

2 Stand-by

1 Poisoning

1 Overdose

1 Industrial accident

1 Drowning

— Numerous telephone calls for advice and assistance.

Of the patients transported, 58% went to Concord Hospital, 19% went to Catholic Medical Center-West, 8% went to Catholic Medical Center - East, 8% went to Elliot Hospital and 7% went to the Veteran's Administration Hospital.

Eleven more persons have been trained in the 81 hour Emergency Medical Technician-Ambulance course this year and certified as nationally registered Emergency Medical Technician. The Weare Rescue Squad has 23 licensed EMT-A's, 14 registered EMT and 4 Registered Nurses. Many members work out of town and a big burden is placed on those remaining. If you are interested in joining the Rescue Squad, please contact the Clerk to obtain information regarding training requirements.

The Rescue Squad has purchased a HEAR (Hospital Emergency Administrative Radio) radio, alerting receivers and a portable suction unit. The HEAR radio is the communication between rescue and dispatcher and also provides direct voice communication to the hospital emergency department. The alerting receivers are tone and voice communication devices that allow the dispatcher to contact and direct the Rescue Squad personnel to the scene even though they are not near a telephone. An 8 lb. Suction unit which we have purchased and a portable oxygen unit that is being designed and built by the squad members will replace older equipment and reduce overall weight by forty pounds.

The rescue vehicle has had many hours out of service and repairs are frequent and costly. The vehicle has had body work for removal of rust, front end alignment, a replacement pair of springs and shock absorbers, water pump and an exhaust system.

The Rescue Ambulance was purchased in 1968 and was efficient for the approximately 20 calls per year to which the Rescue Squad responded. A great increase in calls makes it imperative that we replace our present vehicle. The Rescue Squad requests an appropriation for this need. The vehicle would provide adequate space to carry all of the necessary equipment as some of the present life saving and rescue equipment cannot be carried because of space and weight limitations. The new vehicle would also provide room for proposed additional equipment.

The exchange program has been established at the Concord Hospital through the joint efforts of the Hospital and District. This enables us to return fully equipped when our equipment must be left with a patient.

The Rescue Squad would like to thank those businesses who excuse a member of the Squad to respond to emergency calls, the citizens of the Town of Weare for their cooperation and support during

the past year and for the thoughtful families who have remembered the Rescue Squad in memorial funds for their loved ones. All contributions are greatly appreciated. I would also like to thank the members of the Rescue Squad who have donated over 1,800 hours in responding to calls, training and maintaining equipment.

Margo McLeod, Captain

Highway Safety Fund

It is through this fund we were able to purchase with matching funds a communications system for the rescue vehicle that would not only keep us in contact with Mrs. Wheldon, our Chief Dispatcher, but also Merrimack and Hillsborough County Sheriff's Departments, and also direct communication with the emergency rooms of the Eliot, Catholic Medical Center and Concord Hospitals.

This is of untold value to us and to the patients we transport. Tax money was not used. It was accomplished by use of contributions by interested people.

REPORT OF DISTRICT FIRE CHIEF
AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as

town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

REPORT OF FINANCE COMMITTEE

At the March, 1976 Annual Town Meeting, it was voted to have the Finance Committee review the Municipal Budget Law and prepare a report thereon. In addition, should the committee conclude that the law would increase the control over municipal finances, it should prepare all necessary warrant articles for the 1977 Annual Town Meeting to adopt such law.

The review began with each committee member studying the actual law and was then followed by numerous group discussions. We then obtained facts, figures, statistics, and opinions from towns operating under the law, the New Hampshire Municipal Association, the Board of Selectmen, and the School Board.

After a careful analysis of the accumulated data, the committee has concluded that the Municipal Budget Law would substantially increase the control of all town finances and further, would provide the fiscal constraints needed in an expanding community like Weare.

Therefore, it is the unanimous decision of the Weare Finance Committee to recommend the adoption of the Municipal Budget Law at the 1977 Annual Town Meeting.

The further assignment of the Finance Committee was to consider the semi-annual collection of taxes and to consider changing the town from a calandar to a fiscal year end. Based on the data accumulated, the committee recommends no change be made on either topic at this time.

WEARE CIVIL DEFENSE ANNUAL REPORT 1976

The office continues to be an active program while at the same time being on the alert for possible emergencies that may fall upon us. The Concord office of Civil Defense has twice tested our preparedness in communications and found it to be satisfactory and alert.

One of our major accomplishments for the year was to complete an "Emergency Operations Program." This was made possible with the full cooperation by members of the Weare Police force and Fire Department volunteers. We also had a few local interested Weare residents participating in this program. From experience gained in developing this "Emergency Program," we were able to set ourselves in full motion in coping with hurricane "Belle" this past summer.

We are now working to complete another phase of the Civil Defense Preparedness Program which will be in the area of "Radiological Detection." The first phase of this has already been completed while the second phase, being the instrumentation, will soon be finished and instruments will be given to us. These instruments will be located in each of the fire houses and ready for immediate use by qualified personnel.

A new addition to the Center fire house this year, through Civil Defense, is the 10KW generator. This now keeps our lines of communication in operation should electric power become a total loss. This power plant came to Weare at no cost to the town.

Director, Weare Civil Defense

WEARE TAX MAP PROGRESS REPORT

The Weare Tax Map project is now in its third year and is approaching completion for delivery during April of this year. The project was broken down into three phases, the first one being the development of a base map on which to plot properties, second is the deed research to identify property boundaries and the final phase is the final drafting of the tax map sheets.

Phase I has been completed and is available for use in the next two phases. The materials delivered include: 9" x 9" contact prints of aerial photographs of the entire town at a scale of 1" = 2000'; a photo index map; a set of enlargements of the photographs on a reproducible material at a scale of 1" = 400' (some of the heavily developed areas are at 1" = 200'); and a set of base maps.

Deed research is the second phase and involves the copying and filing of descriptions for every parcel in town. This process has been expedited considerably by the townspeople's response to the questionnaires mailed to all taxpayers in the spring of 1975. It is estimated that this phase is 80% completed.

The final task of plotting properties on the base map has just recently been undertaken, therefore, is only about 5% complete. Soon all landowners will be notified to review the placement and configuration of their ownerships on the preliminary base maps which will be on display at the town office for several days. Robert Todd or his representative will be present to hear comments, take information and to correct apparent errors.

WEARE CENTER SEWERAGE SYSTEM PROGRESS REPORT

The discharge of raw sewage and septic tank overflows have long been recognized as a health hazard to the residents of the Village of Weare Center. The present situation is also aesthetically unpleasing and effects the water quality of Moody Pond and Center Brook. Some building within the village have properly functioning leaching systems, yet many of these have questionable long-term reliability.

In 1976, the Town of Weare voted funds for the purpose of constructing sewerage and sewage treatment facilities to eliminate the present unsanitary conditions in the Village. The planning and construction of the project is being financially assisted by grants from the State of New Hampshire and the U.S. Environmental Protection Agency. Construction plans and specifications for the system have been completed and are presently being reviewed by State and Federal regulatory agencies prior to approval.

The following is a brief description of the system to be constructed:

SEWERS: Sewage from buildings in Village will be collected and conveyed to the treatment facilities by new sanitary sewers. The sewer system will extend from the Village Center 300 feet easterly on East Street; 390 feet westerly on Memorial Drive; 460 feet northerly along Route 114; and 1330 feet southerly along Route 114.

SEPTIC TANKS: All sewage collected will enter a two-stage septic tank treatment facility for separating floatable and settleable solids from the liquid. The tanks will operate in the same fashion as do conventional household systems and therefore require periodic removal of accumulated material.

PUMPING STATION: A pumping station will be necessary to lift the sewage to the elevation of the final treatment and disposal facilities. Approximately 1900 feet of force main will be required for this purpose. The station will be provided with duplex pumping units; an emergency electric generator to insure operation during power outages; and a complete malfunction alarm system to remotely indicate pumping station problems.

LEACHING SYSTEM: Final treatment and disposal of the sewage will be achieved by a subsurface system comprised of precast

concrete leaching chambers. The site selected for the installation is south-east of the Village and will require the construction of an access roadway.

A major delay in progress toward completion of the system has been the selection and attainment of suitable site for the leaching facilities. This function in the total system is especially critical since the site must have satisfactory soil and water table characteristics; sufficient acreage; and be near enough to the Village to be economically justified. Norwithstanding this delay, and allowing time for regulatory review and selection of a contractor, construction is contemplated to start in early summer 1977.

During the construction period a sewer ordinance regulating the use of the system and an operation and maintenance manual outlining procedures to insure proper operation of the system, will be prepared. A procedure for recovering the costs of operating the system from the users will also be developed during this period.

**THE WEARE
COMMUNITY NURSING SERVICE
ANNUAL REPORT 1976**

The Community Nursing Service provided 365 home visits and transportation of patients to cancer, mental health clinics, hospitals and doctors' offices. A total of 97 visits were made to Deering through an arrangement between Weare and Deering. Nursing services to homes included injections, postural drainage exercises, dressings, blood pressures, baths and hot packs. A Swine Flu immunization clinic was held at which 386 received the vaccine. No major reactions were reported. Also, a blood pressure clinic was held. Affiliation has been established with the Hillsboro Visiting Nurse for interchange of services and consultation by the N.H. Division of Public Health. Plans to establish a nurse clinic with office facilities did not materialize since no housing space could be found available in Weare during the year. The use of a section of the old High School and the basement of the library were possibilities under consideration.

COMMENT:

The number of home visits increased by 129 over those provided in 1975. Blood Pressure, diabetic screening and immunization clinics will be held in 1977. It is planned to expand the Health Education program - utilizing film and printed materials. It is hoped that the Service will be able to find a place for the nurse clinic and office. This is greatly

needed to provide essential nurse services and health education for the people in Weare.

CHASE RECREATIONAL PARK ANNUAL REPORT-1976

The Park opened May 22 and closed October 15, 1976. Bryan Sargent and Timothy Camp served as gate attendants and the former also served as special Park police. Bernard Phelps served as Park Caretaker and special police during weekends. Among the various groups which used the Park without cost were: Weare Elementary School classes and chorus for outings, swimming lessons sponsored by the town and Red Cross, four band concerts, Fourth of July fireworks sponsored by the Weare Fire Department, Easter Seal School for Handicapped children, and several other Weare Civic and social groups for outings and picnics.

Improvements made at the Park included repair of wharfs, picnic tables and change houses, hot top at boat landing, additional waste cans, buoys (plastic bottles) installed and maintained to encircle the swimming areas. Park grounds were mowed and kept in a clean and orderly condition, water samples were taken periodically at the swimming areas for analysis at the laboratories of the N.H. State Water Pollution Commission. All showed the water to be safe for swimming. A new flag was donated by the American Legion Post in Weare which was flown each day, weather permitting. The snack bar was open most of the time operated by Faith Kermode.

Vandalism at the Park included band stand rails broken, signs torn down, deep ruts in driveways from speeding cars, beer bottles scattered over grounds and trash cans thrown into the water. The snack bar was broken into at the end of the season when most of the equipment and supplies had been removed. The Weare and State Police investigated the incident. Vandalism occurred after the gate attendant had left for the night and the Park was kept open until 9 P.M., and also after the Park was closed at night.

A woman died while swimming near the Park. It is understood that

she was a good swimmer and death was due to a heart condition.

The Park Commission continued the same rates of admission as last year which are:

Weare Taxpayers (each immediate family)	\$2.00
(Includes use of all Park facilities for the year)	
Non-Weare Taxpayers (over 12 yrs. of age per day)	\$1.00
Non-Weare Taxpayers for use of boat launching facilities and parking space for cars and trailers (per day)	\$2.00

SOURCES OF REVENUE

Weare Taxpayers season stickers	\$994.00
Non-Weare Taxpayers gate admissions	2,411.00
Non-Weare Taxpayers boat launching	374.00
Rental of Snack Bar & Electricity	139.56
Sale of Concrete Pipe	20.00

	\$3,938.56

EXPENSES

Paid by Selectmen	\$3,760.19
(See detailed Statement of Payments)	

As in the past, the previous tables show that the Park is supported mainly from income derived from Non-Weare Taxpayers. The number of season stickers sold to Weare Taxpayers was 497 an increase of 54 over those sold in 1975. The income from these season stickers (\$994.00) represents approximately 26 per cent of the income to the Park.

In summary, Weare is fortunate in having a recreational Park with its swimming, boating and recreational area. While there have been discussions about having the Park for Weare residents only, this should be carefully studied before decisions are made.

The Park Commission members are: Sylvia Brown, Secretary; Jane Munro, Richard Perkins, Leon Taylor and Dr. Frederick Vintinner, Chairman.

Respectfully submitted,
Dr. Frederick Vintinner, Chairman

REPORT OF THE WEARE BICENTENNIAL COMMITTEE

The year 1976 marked the two hundredth birthday of our nation and the town of Weare equally celebrated the festive occasion along with the rest of the state and nation.

Although the Pine Tree Riot of 1772 and numerous enlistments were Weare's only claim to fame during the Revolutionary period, our celebrations offered a little something for everyone in the community - regardless of their age.

Designated a National Bicentennial Community by the American Revolution Bicentennial Administration in Washington, D.C. on Columbus Day, 1975, a volunteer committee of 11 members and countless dozens of other volunteers combined their talents for a highly successful Bicentennial year.

Let's take a minute to reflect on where we have been during the past year:

— Bicentennial Activities —

July 4, 1975 . . . The traditional bell-ringing from the Weare Town Hall was returned through the efforts of the Weare Bicentennial Committee and the Board of Selectmen.

August 3 . . . The Centennial Celebration of the South Weare Union Church officially opened Weare's Bicentennial year. Featured speakers at the day-long event were Dr. Norman Vincent Peale of the Marble Collegiate Church of New York and Dr. Daniel K. Poling, Jr. of the South Weare Union Church and the Fort Washington Collegiate Church of New York. Nearly 1,000 persons attended the event.

January 13 through 20, 1976 . . . the Fiftieth Anniversary of the annual Weare Winter Carnival sponsored by the Weare Parent-Teacher Association.

March 13 . . . Saint Patrick's Day Cabaret sponsored by the Weare Bicentennial Committee.

March 25, 26 and 27 . . . Weare's own "Minstrel Showboat" docked for three house-packed evening performances sponsored by the Weare Junior Historical Society and the Weare Bicentennial Committee.

May 22 . . . Weare Old Home Day - A day-long event featuring Weare's own Bicentennial Parade and the crowning of Miss Weare 1976. The morning parade, masterfully directed by Lhyl Perrigo, was probably the second best in the state of New Hampshire (next only to the three-hour plus state-wide parade held in Manchester on July Fourth). A chicken dinner, band concert by the "Minstrel Showboat Band," horse and pony pull and a Fat and Thin Men's Softball game

filled the afternoon hours before a panel of six judges selected a radiant Jill Colburn from a bevy of 23 contestants to wear the crown of Miss Weare.

June 17 . . . Graduation of the Class of 1976.

July 3 . . . Annual American Legion Lawn Party and the traditional ringing of the Town Hall bell by the citizenry through July Fourth.

July 9 through 11 . . . Three days of games, programs and celebrations for young, old and in-between. Included in the festivities were athletic games, a teen street dance, gymkhana show, oxen pulling contests, Bicentennial Ball, Community Church Service, old-time outing, chicken barbecue and a truly beautiful display of fireworks by the Weare Volunteer Fire Department.

August 7 and 8 . . . The Horse and Buggy Days vividly came alive as the Weare Historical Society presented a two-day exhibit and demonstrations in and around the Town Hall.

August 29 . . . A Bicentennial Community Church Service concluded the Bicentennial year where it began, at the South Weare Union Church. Town and Civic organization officers participated in the special service conducted by Dr. Daniel K. Poling, Jr. Featured speaker for the special morning program was Mrs. Daniel K. Poling, Mother of the Bicentennial Year for the State of New York.

Memorabilia's of Weare's Bicentennial Celebrations were prepared by the Weare Senior and Junior Historical Societies and a Weare merchant.

Two hundred years of Weare and United States history were depicted on a commemorative medal minted by the Weare Junior Historical Society. Designed by Weare High School seniors Jim Rice and Dave Palmer, the front design was accepted as the official town seal at the March, 1975 Town Meeting on a motion by the Weare Bicentennial Committee.

Highlights of Weare's 1976 Bicentennial celebrations were presented on a limited-edition Bicentennial ceramic plate designed by George "Buster" Hollis for the Weare Historical Society.

Bicentennial automobile license plates for Weare were created as a public service by Clifton Wilson of South Weare, a member of the Weare Bicentennial Committee.

— Lasting Memorials —

Concluding plans for Weare's Bicentennial were several lasting memorials to the year, town and nation.

1) Weare Center, along Route 114 from the Town Hall to the Weare Schools, is in the process of being refaced and beautified with walkways, trees and shrubs, granite post/linked chain fence, landscaping, tennis courts, ice skating rink and other lasting features.

Through the generous efforts of the Department of the interior's Bureau of Outdoor Recreation, the N.H. Department of Resources and Economic Development (DRED), Rep. James C. Cleveland, Mr. Ralph Hood, the N.H. American Revolution Bicentennial Commission, the Weare Bicentennial Committee and many Weare civic and social organizations and businesses, a total of \$22,723.90 was raised for the project under the direction of the TAW Beautification Committee and chairman David Dunning.

2) Through the efforts of the Weare Bicentennial Committee and Social Studies instructor Nelson Whittier, a new addition to the history courses for high school students has been initiated in Weare. Based on the subject of Weare history, the subject was made possible through the Weare Bicentennial Committee's purchase of 20 Weare Town Histories to be used as text books.

3) Through the efforts of the late Wendell Colburn, Gilbert Center of the N.H. American Revolution Bicentennial Commission and Bill Herman of the Weare Bicentennial Committee, the Colburn property has been recognized by the Underground Railroad Task Force of the American Revolution Bicentennial Administration in Washington, D.C. as a National Historical Landmark.

The home of Moses Sawyer (Colburn property), with the quarters for fugitives still preserved in the cellar, was a link in the Underground Railroad network. A Quaker, Sawyer's humanitarian upbringing was reinforced by his acquaintance with John Greenleaf Whittier and William Lloyd Garrison.

The county history indicates that Frederick Douglas commenced writing his autobiography while visiting the Sawyer home.

The sites recognized by the Underground Railroad Task Force do not include all the stops in the Underground Railroad network, but are intended as a representation of some of the more prominent stations.

Ceremonies to place a commemorative marker in front of the Moses Sawyer home along Route 77 in North Weare is planned for the spring.

4) Although to a degree of lesser importance perhaps, but still a lasting tribute to Weare's '76 Bicentennial Celebrations, is the hopeful continuation of the Miss Weare Pageant.

Through the efforts of Meg Geraghty, executive director of the Miss New Hampshire Scholarship Pageant Committee, and Bill Herman of the Weare Bicentennial Committee, any girl wearing the crown of Miss Weare will be included as a contestant in the annual Miss New Hampshire Pageant as a representative of the Town of Weare.

Representing Weare in the 1977 pageant (to be held in May from the Practical Arts Auditorium in Manchester) will be Jill Colburn,

daughter of Mr. and Mrs. Chester Colburn, Miss Weare 1976.

— Finances and In-Kind Services —

Over \$20,000 had been handled by the Weare Bicentennial Committee throughout its existence, with only \$4025 of that raised and appropriated by a vote of the March 1976 Town Meeting.

Throughout Weare's Bicentennial year, more than 3000 man-hours of time and labor had been donated to the Weare Bicentennial Committee and the Town of Weare by some 100 volunteers.

At minimum wage standards, these volunteer efforts were worth in excess of \$6,900 to the Town of Weare.

Although we ran into several stumbling blocks throughout our existence, both here in town and elsewhere, I am pleased to report that the sum of \$2,245.19 is currently left in the name of the Weare Bicentennial Committee to be returned to the Town of Weare.

THIS WOULD REDUCE THE ACTUAL AMOUNT SPENT BY THE VOTERS FROM \$4,025 TO \$1,779.81 OR 59 CENTS PER PERSON IN TOWN.

— Chairman's Footnote —

At this time I would like to publicly thank many people for all the time, effort and help they gave to our cause throughout the past year, and a special heart-warmed thanks to each and every member of the Weare Bicentennial Committee who managed to put up with the many demands I made upon them and who made Weare's Bicentennial celebrations entirely possible: Clyde Chapman, John Ebol, treasurer; Craig Knowles, Terry Knowles, secretary; Dorothy Leavitt, Bruce Martin, Lhyl Perrigo, Pauline Puringotn, Chester Rhodenizer and Cliff Wilson.

I think it is safe to say that the members of the Weare Bicentennial Committee did a good job, are a pride to their community and I am proud to have been able to serve with each and every one of them.

Respectfully submitted,
William G. Herman,
Chairman

**RECORD OF THE ANNUAL MEETING OF THE
WEARE SCHOOL DISTRICT
MARCH 3, 1976**

The meeting was called to order at 7:45 p.m. by David Titcomb, Moderator.

Harold Thomson led those present in a salute to the Flag.

Robert Hyman made the motion that the moderator dispense with reading of the Articles in the Warrant until such time that they are mentioned. Motion seconded and voted in the affirmative.

Article 1

Robert Munro substituted the following motion that the Weare School District adopt these salaries for the 1976-77 School Year; Truant Officer \$50; Treasurer \$250; Clerk \$20; Moderator \$10; Auditors \$225; Census Taker \$200; Ballot Clerks \$30; School Board Members five (5) @ \$300 each - \$1500. Motion seconded and discussion followed. For clarity, Attorney Hatfield stated that no sum of money could be raised under Article 10, but could be raised under Article 12. Vote taken and motion carried in the affirmative.

Article 2

Beverly Colburn made the motion that we accept any reports of Agents, Auditors, Committees, or Officers chosen as printed in the Town Report. Motion seconded and voted in the affirmative.

Article 3

Nancy Taylor made the motion that we pass over this Article. Motion seconded and voted in the affirmative.

Article 4

George Kendrick made the motion that we authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States or take any other action thereto. Motion seconded. No discussion. Motion carried and so declared.

Article 5

Nancy Taylor made the motion that the School District ratify the Rent Clause of the lease between the Sugar and Spice Preschool, Inc., and the Weare School District. Motion seconded. Discussion ensued

regarding the five-year lease and the agreement as to whether there was going to be any rent. Cynthia Merrill explained that they are operating a preschool on tuition only. Vote taken, motion carried and so declared.

Article 6

Martha Knox made the motion that the School District vote to reappropriate the balance of the 1975-76 gym and elementary roof repair account (\$800) as follows to complete the elementary roof repair -- \$3,100, to repair the baseball athletic field -- \$1,200 and to grade and loam the area between the wing of the elementary school and the gymnasium - \$500. Motion seconded. Motion carried in the affirmative and so declared.

Article 7

Robert Munro substituted the following motion under Article 7 -- that the School District vote to give the School Board the authority to deed over the old high school building and real estate, keeping all previous agreements in force, to the Town if HUD funds are available to remodel the building. Motion seconded. Motion voted in the affirmative and so declared.

Martha Knox made the motion that the District authorize and empower the School Board to transfer to the Town of Weare such amount of land belonging to the School District as may be required for the development of a community tennis court and recreation area, upon such terms and conditions as the Board determines. Motion seconded. Clarification asked as to where land was located. David Dunning was asked to speak. No intent that land is adjacent to the old high school; exact location not determined for several reasons. He explained that a donation has been received in the amount of \$10,000 to construct tennis courts and a recreation area. This money to be matched by federal funds; and that this project would be completed at no cost to the town. It was hoped that someone might donate some land in the center of town.

Attorney Douglas Hatfield, Town Counsel, stated that it would not be proper to bring up this motion under Article 13. Much discussion followed. Motion carried in the affirmative and so declared.

Article 8

Robert Munro made the motion that the Moderator appoint within one week from tonight, a committee of five for the purpose of studying

the disposition of the old high school, and for this committee to do its work and make a report before District Meeting in 1977. The report to be published first in TAW preferably one month before district meeting and that this committee consist of 1 Board Member, 1 Selectmen, 1 Planning Board Member, and 2 Citizens at Large. Motion seconded. Motion voted in the affirmative and so declared.

My Hyman asked for clarification of Article 7 and Article 8. Discussion followed

Article 9

William Herman made the motion to see if the School District will authorize the recitation of the traditional Lord's Prayer and the Pledge of Allegiance to the Flag in the Elementary School of the District pursuant to RSA 194:15-a. Motion seconded. Discussion followed. The legality of the motion was questioned. Attorney Hatfield spoke and said that six weeks ago the courts ruled the adoption of RSA 194:15 unconstitutional and put it into effect.

Mr. Neal Kurk made an amendment to see if the School District will authorize the recitation of the Pledge of Allegiance and a minute of silent meditation. Amendment accepted. Discussion followed. Motion made and seconded to close debate and to call the question. Voted in the affirmative to close debate. Amendment voted and passed in the affirmative.

Original motion with amendment was read as follows: To see if the School District will authorize the recitation of the Pledge of Allegiance to the Flag and the observation of a minute of silent, voluntary meditation, or prayer. Vote taken and passed in the affirmative and so declared.

Article 10

Mark Hyman made the motion- to see if the School District will vote to authorize the District Clerk to attend and record minutes of each meeting of the Weare School Board beginning in March, 1976 and thereafter. Motion seconded. Discussion followed. Vote taken, motion lost and so declared.

Article 11

William Herman made the motion to dismiss this Article. Motion seconded Motion voted in the affirmative to dismiss this Article and so declared

A motion was made and seconded and voted to hold a ten minute recess.

The meeting was called from recess by the Moderator.

Article 12

George Kendrick made a motion that Mr. Farmer, Chairman of the Finance Committee, speak to explain the Proposed Operation School Budget. Mr. Farmer explained it was a 18% increase over last year's budget.

Robert Munro moved that we raise and appropriate the sum of \$625,131. - (includes \$1,500 for Board) for the support of schools, for the payment of School District Officials and Agents, and for the payment of statutory and contractual obligations of the District, and to authorize the application of such sums as are estimated to be received from the State Foundation Aid together with other income, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by taxes by the Town. Motion seconded. Much discussion ensued. The following citizens spoke: Mr. Munro, Mr. Robbins, Mr. Kurk, Mr. Stephens, Principal, Henry Tiffany and Arthur Brennan. Malcolm Purington moved the question. Motion carried. Vote taken on the original motion to raise and appropriate the sum of \$625,131 – Voted unanimously in favor and so declared.

Article 13

Mr. Volker Wyrenbeck made the motion that we move that smoking be prohibited by students during school hours in the Weare School System regardless whether they have parents permission or not. Motion seconded. Much discussion followed. Robert Munro called the question and this was seconded. Motion carried to call the question. Vote taken on motion -- 33 Yes 84 No. Motion failed and so declared.

Martha Knox read the following: "As a general rule, most townspeople hear about services performed for the school district by such organizations as P.T.A., Dollars for Scholars and the Taxpayers' Association.

'At this time, I would like to recognize some things done for the Weare School District that are generally unknown to taxpayers. These are services performed and goods procured by members of our teaching staff through their own initiative and on their own time.

'These goods and services are a tremendous supplement to our educational program and yet cost the taxpayer little or nothing.

'Several of our teachers have, at one time or another, been instrumental in obtaining free books for the school by reading and preparing written critiques on various books.

'Several of our teachers went to Long Island, New York on their own time to get social studies textbooks for use in our classrooms.

'Other teachers have procured shelving and equipment from state surplus at a fraction of the purchase price.

'Staff members have through their own initiative, sought and received funds in the form of educational grants in the areas of science, industrial arts, learning disabilities and library materials.

'These things that I have mentioned are just a few of the many things that members of our staff are doing for the school in addition to their regular teaching responsibilities.

'To show our appreciation to our staff members, I ask that you join me in a round of applause. "Thank you."

Robert Hyman moved we adjourn. Motion seconded and motion carried in the affirmative and so declared

Meeting adjourned at 10:38 p.m.

Respectfully submitted,

Janet H. Purington

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD AND CITIZENS OF WEARE

I herewith submit my 1976 Report concerning the public schools of Weare.

On June 21, 1976, the Weare High School received a letter from the State Department of Education regarding an evaluation of the School and its educational programs. The School had undergone an extensive evaluation by a four member team for the State Department of Education. Some of the comments made by the team follow:

The new facilities represent a substantial commitment by the voters of the district to the improvement of education for youth of the area. The well developed Program of Studies Manual reflects the efforts made to expand curriculum opportunities. It was also obvious . . . that your good leadership and the hard work and commitment of the staff have resulted in substantially revised and improved course of studies for the Weare students.

We are particularly pleased that the district has authorized the addition of a qualified guidance counselor for the 1976-1977 school year. This addition . . . will allow for the development of a comprehensive guidance and counseling program for all students at Weare High School.

The district is also commended for the excellent library facility and the good beginning in building the basic collection.

These comments indicate that the effort and time put into the educational program by Administration, Teachers, Students, and Citizens of Weare do not go unrecognized.

Mr. Stevens reports that in September of 1976, word came down from the State Department of Education that the Weare High School had moved to the status of Comprehensive High School. "For approval as a Comprehensive High School, it is required by RSA 194:23a that the program of studies include subjects prescribed by the State Board of Education and by statute . . . The very circumstances surrounding the development of this legislation clearly suggest that a comprehensive high school must offer all of the learning opportunities of a high school, plus additional opportunities to meet a wider range of pupil interests and abilities." The Weare High School and the community can be justly proud of the High School's newly acquired status and the work that went into gaining it.

THE FUTURE WEARE PUBLIC SCHOOL SYSTEM

As we look to the years ahead, some probable highlights of the Weare School System are generated with the primary concern that the future will provide the necessary educational experiences for the Weare children in their development - physically, emotionally, intellectually, and socially.

Presently, 506 students attend the elementary and secondary schools of Weare. In five years, if the present growth pattern in the town of Weare continues, the number of students will inflate to approximately 687, an increase of 33%. If the student body increases, more demands will be placed on the system. The elementary school should be able to absorb the impact of additional enrollment without the need for additional space.

The area of improvement at the elementary level will be in the form of special services. We must find a way to meet the needs of all special students, such as, accelerated students, the slow learner, students who may excel in math and do poorly in English. In other words, it is very important for us to meet the individual needs of the students. For the taxpayer, it means supporting and expanding the Resource Center which has been initiated this year in the elementary school. We envision a fully equipped center with portable labs, which supplements classwork and reinforces basic skills. Students will use the center for special assignments, free reading, tutoring, guest speakers, displays, etc. This center will not only be a center, but it will be the heart of our educational program.

The elementary school staff is training itself to meet individual differences, but they need help in supportive services. A specialized program for children with special needs was initiated last year.

Classroom teachers have now, the services of a learning disabilities aide and a coordinator supported by federal funds. As the funds run out, the district will have to pick up the operating cost. It is extremely important to continue these programs which try to prevent failures at an early age. Reading is critical to a child's success and our program focuses on this essential skill.

Students come from different environments with varying emotional, social, and intellectual abilities. We are compelled morally and by law to provide services for handicapped students from age 6 to 21. The students who cannot be taken care of within our system are being tuitioned to other schools. In the near future, we expect to be asking for a special education teacher to take care of our handicapped students.

The high school, like the elementary school, should be able to absorb the impact of increasing numbers without a need for additional space. We are experiencing an overload in the area of Science which will have to be met in the years to come.

As with most high schools, Weare has been turning out some students with marketable skills. Other students go on to advanced training be it vocational or some variety of college, and some to the job market.

Considering our size and the funds available, Weare cannot be all things to all students, but we do want our graduates to be able to cope with and be competitive with their peers. To be able to think for themselves and to function in our modern technology, our goals are more easily stated than realized. Education has to deal with reality and the students have to be personally involved.

For college and tech school bound students it is extremely important to expand our program of studies to maintain our "Comprehensive School Status" with the State Department of Education. In terms of dollars and cents this means adding courses in the Fine Arts and expanding our library resources. For our students who are going into the job market directly from high school, we need to expose them to vocational opportunities and the world of work. We have made a significant step forward by our affiliation with Concord High School, New England College and the addition of our guidance counselor and our Diversified Occupations program. Students are getting vocational training in Henniker, Concord, Manchester, and Weare.

Our work-study teacher has placed 13 juniors and seniors into jobs already. We are making progress, but more needs to be done.

All students must develop a life plan, work habits, and decision-making skills in order to become well-rounded citizens. We

need ideas from the community and support. We will be looking for money to support part-time employees from the district to share their skills in business, agriculture, trade and industry, ,etc., with our students. Experience is the best teacher. Education is a co-operative venture between the school and the community.

I wish to take this opportunity to extend to the Principal, Teachers, School Board Members, and the Citizens of Weare my sincere appreciation for the cooperation provided me. Without this community effort many of our efforts to provide quality education to the youth of Weare would have been thwarted. I look forward to the future and to continued cooperation to the benefit of our school system.
